Marriage of Belle Boyd. Yesterday morning a most interesting ceremony of marriage took place at the church of St. James, Piccadilly, The bridegroom Lieutenant Samuel Wylde Hardinge, who is about thirty years of age, was an officer in the United States Navy, holding the rank of Lieutenant on board the American war steamer Connactacu. The lady who is about the same age as the gallant bridegroom was the daughter of General Boyd, of the army of the Southern States, who lately expired in prison; having been made prisoner features. Her father, Gen. Boyd, who pos- next. sessed vast estates in the territory of Virginia, early embraced the cause of Southern independence, and was soon entrusted with a command, obtaining the rank of General. His daughter, the bride, enthusiastically embraced the same cause, followed her father to the field, and accompanied him throughout his campaign with the celebrated Stonewall Jackson, and on two occasions heroically, as a modern Joan of Arc, led on the troops to battle; she was, however, in a skirmish captured and made prisoner, and conveyed to Washington, where she was months, when she was exchanged for Gen. Cochrane, who had been made prisoner by the Confederates. On her return to the South, she went on board the Grayhound, Confederate steamer, which was captured by the Federal steamer Connectacu, while running the blockade. Lieut. Hardinge was sent on board the Grayhound as a prizemaster, with his young heroine as a prisoner. The result was that they mutually became enamoured, and escaped together from the ship, and found their way to this country, the bride having succeeded in withdrawing her lover from his allegiance to the United States flag, and enlisted his sympathies and support for the South.

It is the intention of Lieut. Hardings, with his bride, to leave this country at the latter end of September, to run the blockade and enter the service of the Southern States. The marriage cortege was comparatively private, being confined to the bridesmaid and two or three lady friends, and the bridegroom being attended by a number of American gentlemen connected with the South. After the conclusion of the ceremony, the parties retired to the Brunswick Hotel, Jermyn street, where the bridegroom strong. Let those who have doubted the virtues of Bull's Cedron Bitters, if any such there be, read the following Certificate from gentlemen well known in this community, and doubt no more. Its general introduction into the army will save the lives of thousands of our soldiers.

Louisville, Ky., June 8d, 1868. We, the undersigned, have seen the good effects produced by the use of Dr. John Bull's Cedron Pitters in case of general debility and prostration of the system, and believe its general use would prevent disease and relieve much suffering. Among our soldiers particularly would this be the case, especially those who are exposed to miasmatic influences in the Southern climate.
